### Play Group Waiver

Here at Bark Avenue all of our play groups are small in number and tailor-made. We do this so that your dog will actually get to play with others that share a similar play style. Keeping play groups small also means the dogs don't get overwhelmed, are allowed to run, and best of all our staff gets to play with them as well. Another key reason we keep play group numbers low is that it is much safer and controllable.

Our tailor-made groups are why Bark Avenue is the safest dog boarding/day care around. With that being said, dogs will be dogs and when they play bumps, scratches and other minor injuries can happen. Our trained staff works hard to keep these things from happening, but there is never a guarantee that something won't happen given the nature of how dogs interact.

If you understand the risks that go hand-in-hand with dog play groups and want your dog to play initial here \_\_\_\_\_.

Your signature below indicates that you understand Bark Avenue is not responsible for injuries that occur during play groups.
